## Essential Care \$2250 (GST Inc)

The person who died didn't want a funeral, and no viewing was to take place.

This meant that after meeting with the family, we transferred their loved one into our care, and after minimal mortuary care placed them in a very simple cremation casket.

We carried out all of the legal requirements such as gathering the medical and cremation documentation and registering the death, before proceeding with the cremation.

It would be our hope as professionals that despite not wanting a formal funeral service, the family would find the time to mark this life. This could be as simple as gathering together to share memories over dinner; or perhaps they may wish to organise a memorial service at a later date.

- Professional service fee
- Transfer fee
- Mortuary care
- Cremation casket
- Cremation fees
- Death certificate

## Full Burial Service (Second Interment) for 50 people \$8619 (GST Inc)

There is a real connection to Old St Michael's Waimea West, the deceased was married there some 50 years earlier, all three of his children were married in this historic Church setting.

The Deceased was a furniture maker. Their mother had already died a few years ago and was buried at the local cemetery in a double plot. The wooden casket was a nod to a person who spent many years at the workbench with a genuine appreciation of beautiful timber.

Unfortunately, one of the grandchildren lives overseas and is unable to attend, however their contribution to the service is to format the photographic tribute along with a personal video message from themselves. The service will be livestreamed. Another grandchild will create and print the service sheets and a family friend who is a florist will supply the flowers for the casket and rose petals for the cemetery.

The service is held in Old St Michael's and then on to the cemetery and then everyone meets at a local bar for a less formal farewell drink.

- Service at Old St Michael's
